Why Does the New Year Start on January 1?

We can partly thank the Roman king Numa Pompilius. According to tradition, during his reign (c. 715–673 BCE) Numa revised the Roman republican calendar so that January replaced March as the first month. It was a fitting choice, since January was named after Janus, the Roman god of all beginnings.

John's

Once upon a time, there was a kid called John. He liked playing football and having adventures. John also had one big brother called Lucas. When new year came, John's family were going to John's grandmother to celebrate New Year. So the family hopped into their car and started their to his grandmother's house.

While John's family was in the car, John saw something through the window and turned back to chat with his family because he thought that it was nothing and that he was just dreaming.

When they got to John's grandmother's house, John was terrified because he saw the spooky house they were gonna enter but then the door opened and John's grandmother was there. John's mom presented John's grandmother and she was called Lisa.

Lisa invited Johns family for a cup of tea because of the long journey they had in the car. When John enter he saw a lot of old things...

Adventures

After the night arrived everyone went to bed but John heard a noise outside his bedroom so he went there to investigate what was going on in here. He walked down to the living room and saw the same black thing he saw in the car so he went and chased him down but the black shadow was way faster than him so John couldn't catch up.

The next day, John explained everything about last night to his family and no one believed him, so when the night came he would go the same way as the shadow went and search for him. He found in his way a big cave so he decided to go in. When he was about to leave the cave he saw the black shadow again and he run after him, when the black shadow was cornered, the black shadow took off his mask and it was Lisa.

John asked Lisa why she was doing that and Lisa responded that she was getting controlled by someone, so with nothing to say they both walked to the house and went to sleep because the next day John's family had to go back home.

The next day, John and his family waved goodbye to Lisa and went back to their home.

Greddy

Once upon a time there was a wealthy farmer in a far away village. The farmer was so greedy that he wanted all the good things for himself.

Then one day he was offered a deal. He was told that he would be given the length of the land he walk in a day as long as he came back to the point where he started before sunset. To get a head start, early the next morning, the farmer started to cover ground quickly because he wanted to get as much land as possible.

He walked for a very long distance and even when he was tired, he kept walking all afternoon.

He did so because he did not want to miss this "once-in-a-lifetime" chance to gain more wealth...

Farmer

...Later in the evening, he remembered that the condition to get the land was to get back to the starting point before sunset. Unfortunately, his greed had taken him very far away from the starting point.

He immediately began his return journey keeping an eye on how fast the sun was setting. The closer it came to sunset, the faster he ran. He was exhausted and out of breath, but he continued up to the extent of pushing himself beyond the point of endurance.

When he finally reached the starting point before the sun had set, he collapsed. All that the farmer needed was only a small plot of land, even after walking such a long distance.

THE END

Its located in Albir (Passeig de les esteles 15) This place is a very good place to go and eat with your family or friends (you will have a good time and have fun with your friend or family) . It is a very good place to have traditional Italian food. It has a range of price between 10 to 15 € per plate.

There are many reasons why you should go to the restaurant. One of them is because they have the restaurant decorated in the inside and you have the view of albir beach. RECIPE ROAST

Slow-Cooker Carrot-Leek Bisque

INSTRUCTIONS

Step 1 Heat the oil in a large nonstick pan over medium-high. Add the mustard to the pan; cook, moving it around constantly, 15 seconds. Add the leeks, salt, and 1/4 teaspoon of the pepper; cook, stirring often, until the leek has softened slightly, 3 to 4 minutes. Transfer the leek mixture to a 5- to 6-quart slow cooker. Add the stock, carrots, and millet to the slow cooker. Cover and cook on HIGH until the carrots are very tender, about 6 hours. Cool the soup 10 minutes.

Step 2 Transfer one-third of the soup to a blender. Remove the centerpiece of the blender lid (to allow steam to escape); secure the blender lid on the blender. Place a clean towel over the opening in the blender lid (to avoid splatters). Blend until smooth. Pour into a large bowl. Repeat the procedure with the remaining soup. Stir in the milk, lemon zest, lemon juice, and remaining 1/4 teaspoon pepper. Ladle the bisque into bowls; sprinkle evenly with the chives before serving.
