

## SCHOOL POLICY FOR COVID

### 1. Daily measures, we will be taking at school along the school year:

- Entering and exiting the school will be done in an escalated way, using the five access points in the school to avoid crowds. In the following lines you will find the timetables and access points to the school for each of the groups:

<b>Entrance 1:</b>	9:00 Pre-Nursery & Nursery	9:05 Year 1 Δ
<b>Entrance 2:</b>	9:00 Reception	9:05 Year 1 O
<b>Entrance 3:</b>	9:00 Year 3, Year 5 & Year 6	
<b>Entrance 4:</b>	9:00 Year 4	
<b>Entrance 5:</b>	9:00 Year 3	

- Temperature will no longer be taken, but hygiene measures will still be applied.
- Each child will be accompanied by parents, who will not be able to enter the buildings.
- To aid the school to be able to coordinate the adequate measures, parents must inform the office or the tutor of which services they will require for the school year (dining services or bus).
- Students will not be provided with medicine.
- In the case of a Covid-19 detection in a student or someone in the family, parents must immediately inform the school. Parents MUST follow the doctor's recommendations.

- At 4:15 PM the School will close and no one will be allowed to stay inside the premises after this time due to it being the time when the school is getting disinfected. Also, it is prohibited to access any of the different areas of the school playground outside of the school hours.
- Regarding birthdays, children can bring individually wrapped food for their peers. These will be put in the children's bags, so parents can decide if they give it to their children or not.
- Finally, an expert teacher has been established to deal with all the aspects related to Covid-19 in the school.

## **2. Measures school will take if there is a suspicion of case of covid at school**

As with any kind of illness, if a child is not feeling well the parents will be informed and they will have to come to pick him/her up.

If parents see that a child is not feeling well, this child should not come to school for the safety of the child's peers.

## **3. Measures if there is a case of COVID-19 in one of the students in a class.**

The parents must inform the school that their child or one of the members of their home has got the covid. Also, parents MUST follow the doctor's recommendations about isolating or not.

We recommend they stay at home, to not spread the virus. Therefore, ONLY if they have the COVID-19 certificate from the doctors and stay at home, online classes will be available if parents require it. In the case that a child comes to school with COVID-19, this child has to wear a mask during the school day.

The school will follow what is established by the Generalitat Valenciana's protocol.
