OCTOBER 6th — UNITOUR - ALICANTE

The **UNITOUR** International University Fair in Alicante was held on Tuesday, October 6th at the ADDA (Auditorium of Alicante). Year 11, 12 and 13 students visited this university fair to talk directly with public and private universities, Spanish and foreign, about training, degrees and requirements.

Participating institutions: Included the University of Alicante, Miguel Hernández Elche University, Jaume I University, University of Murcia, ESIC, UDIT, among other universities and student residences.

Our teachers Miss Beatriz and Mister Isaac accompanied the SBS students to guide them and help them make the most of this essential encounter with **the academic future**.

OCTOBER 29th — ESCAPE ROOM HARRY POTTER - ALTEA

To celebrate the 25th anniversary of the release of the first **Harry Potter** film, our secondary students have participated in an Escape Room in Altea about the famous magician.

To make the magic last, they have strolled along the beach of the estuary of the river Algar, **painting philosopher's stones** and **flying enchanted kites**.

Awesome memories of **friendship** and **fun,** and a great life lesson: fun is often close to home and as simple as the wind and stones!

OCTOBER 27th - 29th

PORTAVENTURA - SALOU

From Tuesday 27 to Thursday 29 October, secondary and Year 6 students undertook an excursion to the town of **Salou**, in the province of Tarragona, in Catalonia.

The bus ride has allowed us to travel throughout the **Valencian Community**, giving us panoramic views of the Albufera, Sagunto, Castellón and all the mountain ranges bordering the Mediterranean. We have crossed the famous river **Ebro** before finally seeing the breathtaking skyline of Salou: the roller coasters of **PortAventura** on the blue background of the sea and sky.

Our hotel has turned out to be **ideal**: spacious, comfortable, with views, game room, and stunning buffet free.

PortAventura World is a massive entertainment resort and theme park complex. It is home to some of the tallest, fastest, and most iconic coasters in Europe, including **Shambhala** (one of Europe's tallest and fastest hypercoasters), **Dragon Khan** (famous for its eight loops), and **Furius Baco** (which launches from 0 to 135 km/h in three seconds)

Ferrari Land is dedicated to the Italian sports car brand, featuring **Red Force**, Europe's highest and fastest vertical accelerator (reaching 180 km/h in five seconds).

This trip has been much more than just getting on some adrenaline-pumping attraction: for three days and two nights, we shared moments of **complicity** away from our homes, **taking responsibility** for our own well-being and that of our peers.

A brillant life lesson!

National SPANISH GENERAL ELECTION

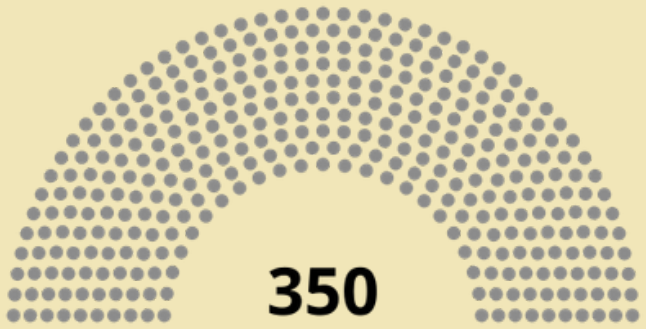

On **29 November 2026**, Spain will hold general elections. People will vote to choose who will lead the country. Since 2018, Spain has been governed by Pedro Sánchez and his party, PSOE, together with Sumar. This year, things could change after eight years of the same leadership.

How to vote: The closed and blocked list of a political party is chosen (no changes can be made in the ballot paper) to elect both deputies and senators.

wikipedia.org

The election results to the **Spanish parliament** will decide which direction Spain takes next.
